Life Cycle Dilemmas

Rabbis have been answering the difficult questions for centuries, but we don't often think those answers affect us today — until we read a startling story in the paper about exhumation or surrogate motherhood gone wrong.

When these questions are submitted to rabbis, the answers are

called response. And every movement in Judaism has volumes of responsa.

Explore contemporary questions with contemporary answers on Sundays at 7 p.m.

Going to the Movies

Movies have made a lasting impact on our society. We enjoy good movies and we love to talk about our favorites. On three Saturday nights at 7:30, explore the Jewish themes by analyzing plot,

character, and dialogue. Experience the atmosphere of the movie.

Or just come to be entertained and eat popcorn. After all, movies are fun!
